Flawless Finish

Advanced plating provides a durable surface with a long lasting finish

Effortless Control

Advanced cartridge technology provides a wide operating angle and smooth operation

Smooth Flow

Aerator reduces scaling while delivering a smooth even flow

Black Electroplated

Electrical current is used to dissolve components into Lacquer that then adhere to the surface.

Brushed Nickel

Oil Sealed coating = Surface treatment-Copper layer, then Nickel plating (10~12ml), water cleaned then high temperature (115 Deg) oil brushed.

With flat profiling of the lever and spout combined with sleek lines and stylishly good looks, the new ION tapware collection from Elementi is a superior product in both looks (available in 3 finishes) and performance.
